MP/HD OVERWRAP TAPE

DENSO MP/HD (MULTI-PURPOSE, HEAVY DUTY) TAPE

Description:	A tough conformable, pressure sensitive tape.
Composition:	Plasticised PVC, incorporating natural and synthetic rubber adhesive and fungal inhibitor.
Characteristics:	Highly impermeable to water, water vapour and air exhibits. Excellent long term resistance to UV, seawater, alkalis, acids, oil and bacteria.
Service Life:	Indeterminably long
Service Temperature:	80°C maximum
Application Temperature:	0°C to 60°C
Breaking Strength:	3500 N.m
Elongation at Break:	180%
Breakdown Voltage:	19 kV single layer
Thickness:	0.20mm average
Weight:	0.36kg/m ²
Adhesion Strength:	350g / 25mm width average
Length:	30m roll
Widths:	50, 100 & 150mm
